Oliver Companies broke ground for a Hampton Inn in Superior today. The four-story, 83-room hotel across East Second Street from Perkins Restaurant is expected to be completed in June of 2017.

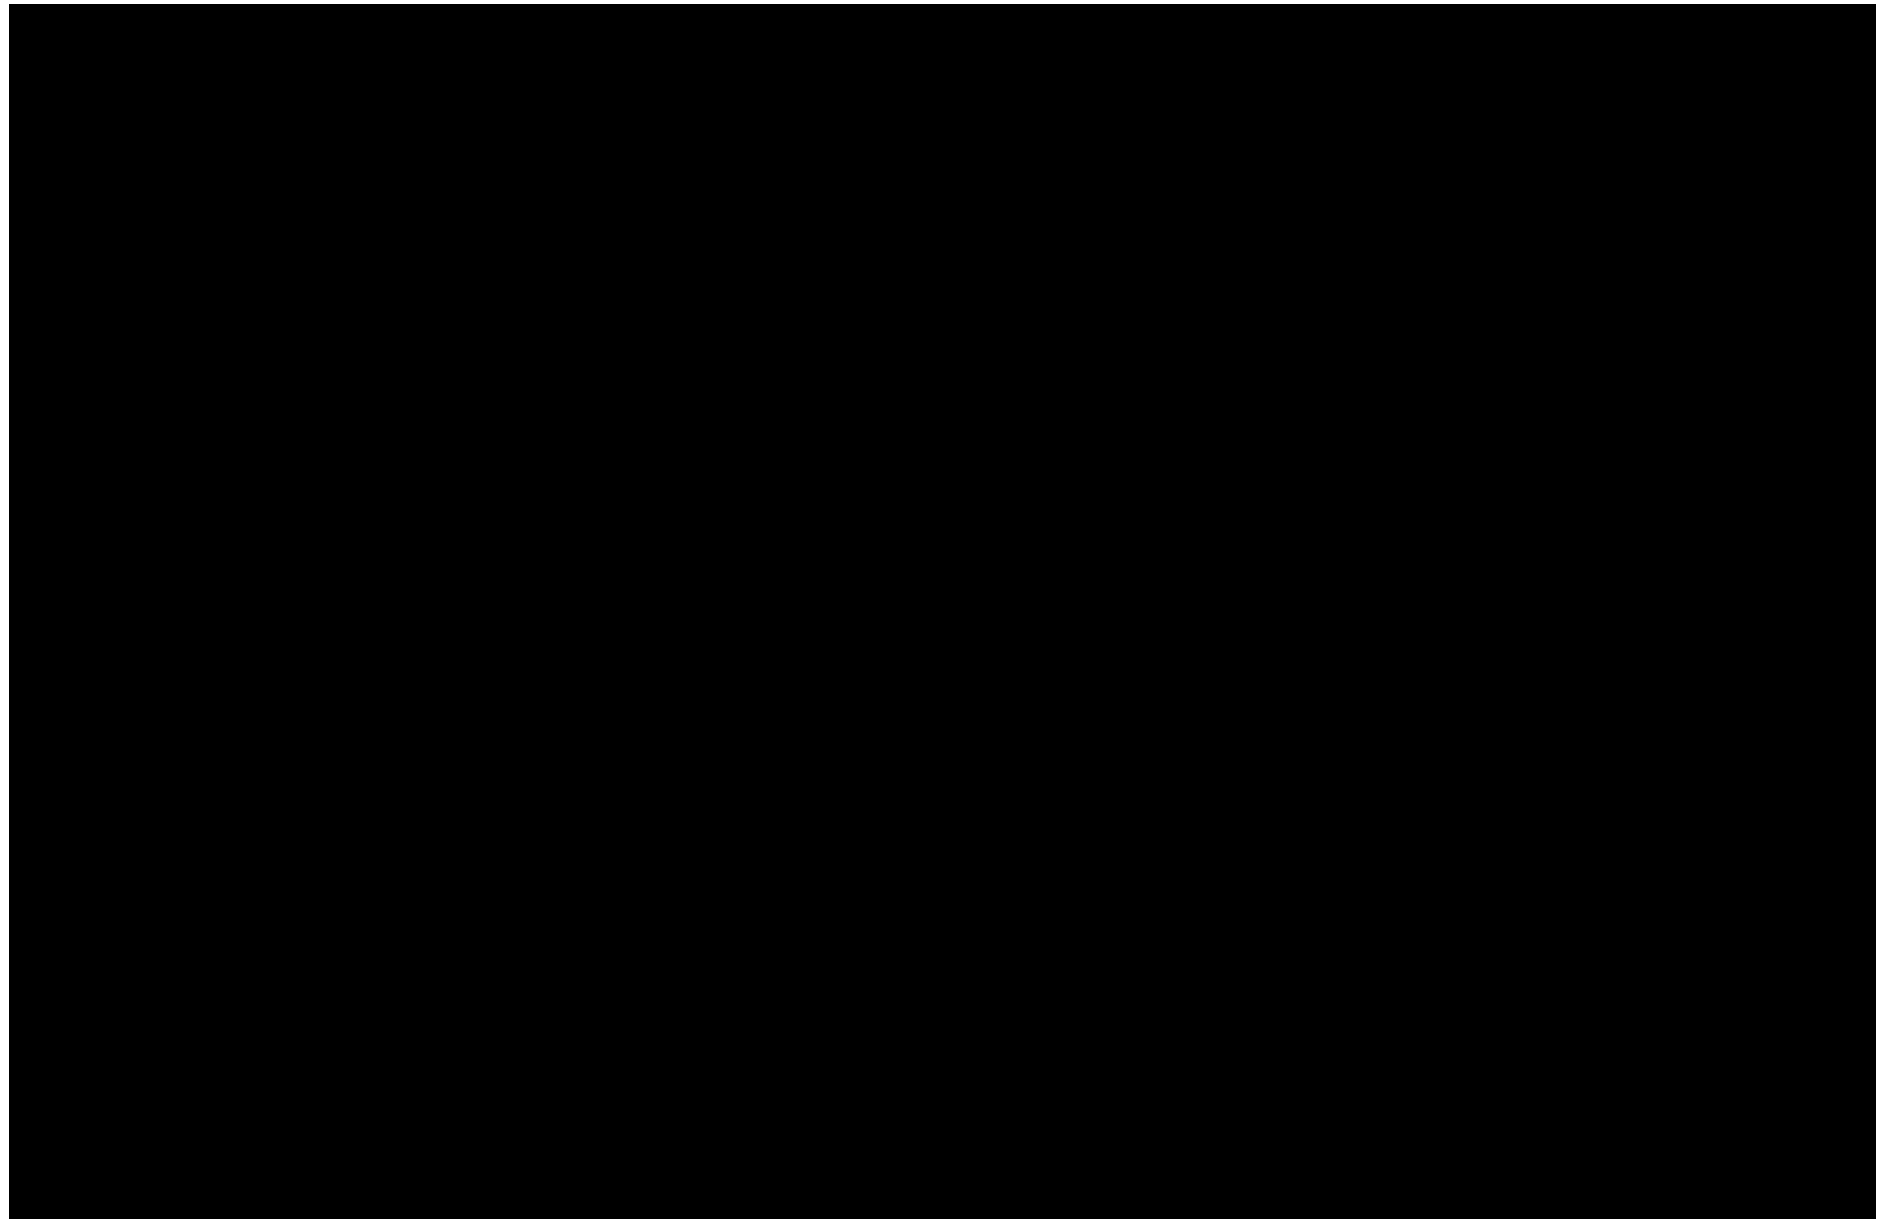

“We’re glad to be here and glad it’s under construction,” said Kent Oliver, chairman of Oliver Companies, which also owns the neighboring Holiday Inn Express and Barker’s Island Inn and Convention Center.

“I want to thank Kent Oliver and the Oliver Companies team for yet another investment in our community,” said Superior Mayor Bruce Hagen. “This is going to be a premiere hotel for our community, it’s going to add to the people coming here, staying here and offering another quality operation that is typical.”
