

# Oliver Companies expands with 9 new hotels.

On March 28th Oliver Companies welcomed nine new locations into their Management Companies. This acquisition was an exciting undertaking for The Oliver Companies and increased the size of their portfolio by 50% and expanded them into 3 new states.

These new states include Texas, Louisiana, and North Carolina. Adding these new locations has branched this company to provide a total of 20 hotels in 12 different states. As part of Oliver Companies continuing expansion, the new acquisition of these new hotels will improve our business growth to our existing customers.
